

SR BEAUTY NEW ENTRANCE POINT

Hello

Due to Covid-19 and the fact I am expecting my first baby come March 2021, I have decided to utilise my back gate and for **ALL** clients to now enter Samantha Ruthven Beauty via this route. This will mean that, no longer will clients need to knock on the front door and come through the house to the cabin.

I believe this change will be more Covid-19 secure and will help us as a family when baby arrives. I appreciate this will take some getting used to but I hope you find the information below beneficial, of course any problems just call me.

New Rules

1. Please arrive at your appointment on time; there will no longer be the opportunity to sit in the house whilst I finish up with my previous client.
2. Please do enter the back gate and come round to the front of the cabin, there will be a seat under the roof covering for you to wait. I appreciate in winter months this may not be ideal but I will try my best to make this as comfortable as possible.
3. Please do not knock or enter the cabin - I could be finishing a body treatment! I know you will be there waiting, so please be patient and wait until I open the cabin door.
4. If you need to use the toilet then of course I will walk you up to the house. If you can be as organised as possible and try to go before you come that would be ideal however, I appreciate this may not always be the case.

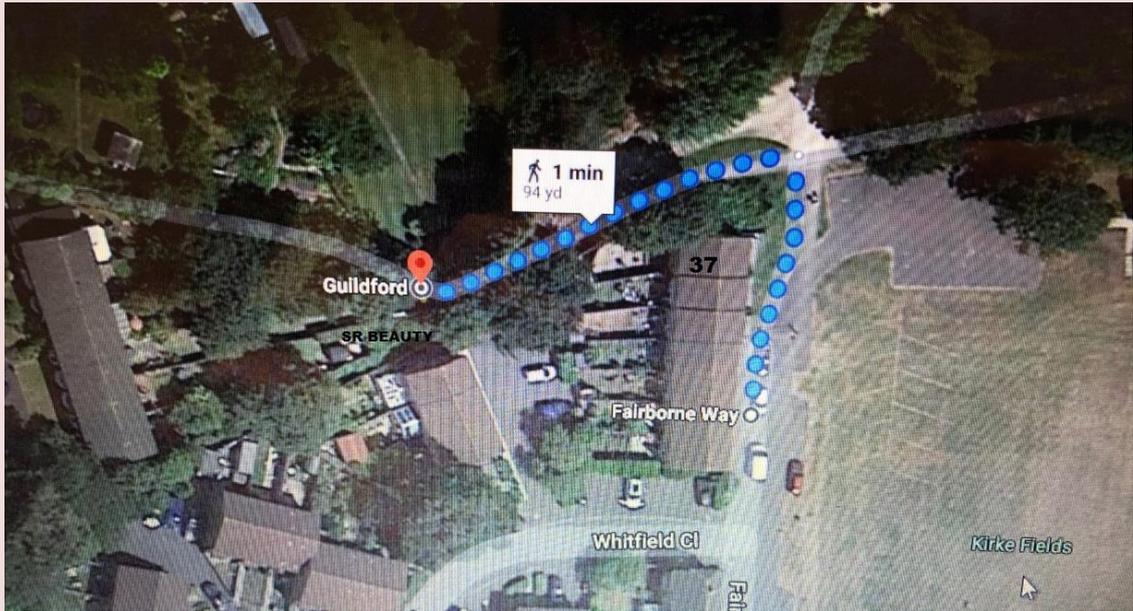

New Entrance Point

This cannot be accessed via the front of my house as I live in a mid-terrace. You will need to park and walk a new way entirely. The back gate is accessed via 'Pigs Alley'.

1. It will be best to use this new address when typing into your satnav; Fairborne Way GU2 9GD which is next to Kirke Fields.
2. Once parked, please walk to the end of the row of houses, last house number is 37.
3. Turn left and you will see the entrance to the alley way, please walk up the alley, past the two trees on your left, turn a slight corner and you will see some back gates, please enter the gate stating number 26.
